Around
the Square

We would be remiss if we didn't point out—not without just a little sarcasm—that the controversial storm drain for Baldwin avenue at long last is going in. After several years and several city engineers, the touchy issue has been settled.

It is unfortunate, however, that it couldn't have been decided BEFORE a large portion of the street affected was repaved.

Next Wednesday, the Fourth of July, is the Fireman's annual "stay-on-the-job" day. To be on hand in case of fire, they plan their usual picnic at the Wistaria Gardens.

Let's do our part and make certain they are not called away to fight a fire. Remember: fireworks are strictly illegal in Sierra Madre.

Police Chief Gordon McMillan had an opportunity few married men get one afternoon last week.

He stopped briefly at the Post Office, leaving Mrs. McMillan sitting alone in the police car. A small, unidentified girl tugged the chief's sleeve and asked:

Isn't your prisoner liable to escape? There's no one watching her."

The amused Mr. McMillan replied that he thought it was safe enough, and that "she won't try to go very far."

A mild panic was narrowly averted on West Highland one night this week. Six baby skunks owned by the A. J. Dewey Jr. family, 250 W. Highland, escaped from their cages and frolicked around the neighborhood for several hours.

"We were running a double hazard," sighed Mrs. Dewey the next day. "We were afraid that if the neighbors didn't shoot the skunks as unwelcome visitors, they'd shoot us as unwelcome trespassers."

They eventually retrieved all the unscented "cats."

People soon will make it a practice to take magnifying glasses when they "step out" at restaurants. We can't say that they blame them, but restaurateurs seem to be making food servings smaller and smaller.

Sam Perloff suggests that business people park their cars away from the downtown area, especially during this period of torn-up streets. A sage suggestion, Mr. Perloff.

See you at the city ball park Wednesday morning.

Admiral Urges Return
To 'Basic Americanism'

A return to basic "Americanism" was advocated Monday night by Rear Adm. Leslie Gehres (USN retired), speaking at a 48th Republican Assembly District dinner meeting at the Sierra Madre Woman's Clubhouse.

Admiral Gehres said it is the Republican Party's mission to offer to the American people a return to the democratic, constitutional government as laid out in the US Constitution.

"We must put aside the idea of offering more material things," declared the retired Naval officer who commanded the severely-damaged aircraft carrier, USS Franklin, during World War II. "The American people are not really suckers and will welcome the chance to get back to the true American principles."

"Besides," he quipped, "no other party could ever hope to

WE CAN'T guarantee that there will be a bevy of beauty such as this at the Canyon Pool every day, but these Sierra Madre cuties want to boost local summer swimming. The pool is open daily, except Mondays, and the Red Cross instruction class will begin next Tuesday. Girls (left to right) are Connie Best, Verlyn Woodward, Terry Dillon, and Elsa Seifert.

John E. Oden, recreation director, said Sierra Madre tennis players who want to compete in the first annual city tennis tournament may register at the courts Tuesday, 10 a. m. to 12 noon.

The local Army officer, who commands the 3rd Battalion, 32nd Infantry, 7th Division, was presented the medal for his leadership in capturing an enemy-held pass. He has commanded a battalion in combat for more than six months.

Lt. Colonel Edwards also recently was awarded the Bronze Star for his role in the Inchon landing and a Commendation Ribbon with Metal Pendant for "meritorious achievement . . . in developing methods to provide illumination for front-line battle positions, utilizing only materials which were readily available, within the division . . ."

Mrs. Edwards, 576 Elm, recently heard a recording of a

Vanderpool Back
In US After
Korean Action

After nearly a year of operating with the UN Naval forces in Korean coastal waters, Leonard G. Vanderpool, radio-man first class, USN, returned to the United States recently aboard the rocket launching ship, USS 401.

Mr. Vanderpool is the husband of Mrs. Fanise W. Vanderpool of 476 Sturtevant Drive.

His ship hauled thousands of five-inch rockets into enemy positions minutes before the landing of assault troops at Inchon and Wolmi-do. After the beachhead was established, the USS 401 continued to pound Communist strongholds obstructing the path of advancing troops.

She later participated in the evacuation of UN forces from Hungnam.

Sweet Little
Old Lady Sells
'Bill of Goods'

If a sweet little old lady comes to your door offering for sale an "Irish linen set," be careful. She may be trying to hook you on one of the oldest rackets known.

The build up can take any of several forms. Here's how the story went last week at least one Sierra Madre home:

The woman explained that she was moving to Canada and wanted to sell her valuable, never used linen set. The duty on it would be too large if she took it with her. How would you like to buy it?

One local housewife did, and shelled out \$25 for the "bargain."

The "Irish linen" turned out to be just plain cotton made.

Chief of Police Gordon G. McMillan said the racket has been tried in Sierra Madre at least once in the last week, and the woman may try it again.

Mulhollands to
Say 'Good-By'
Sunday Night

Dewey Mulholland, for the past 2½ years director of Christian education at Bethany Church, will be bringing his farewell message at this Sunday's 7:30 service.

Mr. and Mrs. Mulholland plan to spend the next six months in itinerant missionary work on the West Coast after which they, with their two children, will be leaving for the interior of Brazil as missionary appointees of a nationally-known Missionary Society.

CITY SAYS COMPANY MAY
BE VIOLATING FRANCHISE

The "battle of the telephone pole" still raged this week as the City Council challenged the right of California Water and Telephone Company to erect a pole in Sierra Madre to serve Pasadena.

"It gets down to a matter of installing poles in violation of the phone company's franchise," said Councilman Herman Barter.

The pole in question is located in front of 734 W. Alegria, at the southeast corner of Alegria and Michillinda, where Homeowner Mae Heston has complained that the utility has erected a pole and guy wire in front of the entrance to her property.

Miss Heston contends that the pole serves no purpose in Sierra Madre and is there only to accommodate the Pasadena side of Michillinda.

"Under the franchise, the phone company is entitled to put poles in Sierra Madre to serve Sierra Madre, not provide service outside," Mr. Barter pointed out. "I think this is a violation of the franchise, and the company should do something to satisfy this lady."

City Attorney T. Guy Cornyn concurred, stating that the utility "has no right to put in a pole when it is not benefiting Sierra Madre."

Councilman Noren Eaton viewed the problem as "just a pole."

Son, 14, Drives;
Father Pays Bill

The father of a 14-year-old Monrovia youth was fined \$10 Saturday for letting his son drive without a license.

The boy was cited last week for speeding 40 miles per hour in a 25 mile zone. Both Judge John C. Mead and Chief G. McMillan lectured the father on the dangers of permitting an unauthorized person to drive.

MAYOR'S PROCLAMATION

ON JULY 4th we celebrate "Independence Day" and in the words of John Adams, "It ought to be commemorated as a day of deliverance by solemn acts of devotion to Almighty God";

NOW, THEREFORE, I, William A. Kinney, Mayor of the City of Sierra Madre, call upon the citizens of Sierra Madre to give their support to the current nation-wide movement to revive the American idea that each human being is by nature a distinct individual personality possessing dignity and integrity and recognizing God as the source of personal liberty and all rights of men;

THE ATTENTION of the people of this community is called to the sacred and spiritual foundations of our freedom by the ringing of church bells at noon on July 4th, and other appropriate observances of our nation's 175th Independence Day.

DATED: June 26, 1951.

William A. Kinney,
Mayor of the City of Sierra Madre.

Barter, Washburn to
Serve on Parking Body

City Councilmen Herman Barter and Charles L. Washburn were appointed Tuesday to serve on the "citizens committee" now being formed to solve the city's downtown parking problem.

In making the appointments, Mayor William A. Kinney pointed out that it will not necessarily be a closed committee. "Any one wanting to help will be welcome, I'm sure," he said.

In letters to the Council Tuesday night, Jessie E. Dunning, a local merchant, asked the councilmen to form a committee on parking and traffic safety which would include themselves, the merchants' chosen representatives, and delegates from the various civic groups.

Miss Dunning pointed out that a meeting of all merchants is planned for the second week of July.

Stating that she is in favor of the city's condemning and purchasing downtown land for

SUMMER SCHOOL
STARTS MONDAY
AT CITY SCHOOL

Summer School will begin Monday, July 3, for an anticipated 75 Sierra Madre City School pupils.

Offering a regular school curriculum, the school will continue for five weeks, ending Aug. 3. Classes are from 8:30 to 12:30.

Superintendent Charles A. Skutt said the summer session is not necessarily intended for remedial or make up work. Teachers are Mrs. Matilda Laughlin (grades 1-3) and Mrs. Barbara Keith (grades 4-6).

Students who wish to attend may still register at the school Monday morning at 8:30, Mr. Skutt said.

He pointed out that pupils may bring their lunches and remain for the city playground program in the afternoon.

Mayor Calls
Ball Game
For July 4

Mayor William A. Kinney has proposed a ball game next Wednesday, July 4, between the "oldsters" and the youngsters of Sierra Madre.

Mr. Kinney set 10 a. m. as game time at the city ball park.

"Anyone—young or old—is welcome to come out and play ball," he said.

City Recreation Director John E. Oden and Larry Shepherd will help field a team of youngsters and youths, the mayor said.

Although Mr. Kinney did not positively state on which team he would play, he indicated that he would be "on hand." Presumably, he will NOT play for the youngsters.

Councilman Herman Barter and City Clerk Lawrence B. Brain are expected to help form a nucleus for the "oldsters" team.

City Planners
To Hear Zone
Change Plea

Among the agenda items for this evening's Planning Commission meeting is the zone change request of Mrs. Alicia Parker, 667 W. Grandview.

Mrs. Parker plans to organize a nursery school at her home "for pre-school children of working parents."

"In no way will I change the appearance of my home or front yard," Mrs. Parker wrote in her letter to the city planners. Her residence is now zoned R-1.

SIRENS? YOU
MUST HAVE BEEN
IMAGINING IT

Those blaring sirens you heard most of Saturday afternoon were not signalling the approach of enemy aircraft, nor were they ambulances responding to a series of traffic wrecks.

What happened? Well, the University Club of Los Angeles was holding its annual shindig at Anacapa School and invited firemen from Sierra Madre, Arcadia, Monrovia, and Pasadena.

The resulting bedlam was caused by members of the respective departments trying to outdo each other with their fire truck sirens.

Local police officers reported "numerous calls" from Sierra Madresans wanting to know if they should expect the worst.

Look... Hear, Now!

BY STUART AND JANE HEINEMANN

The West Coast can look on forlornly as the eastern TV network nears the end of its first week of color television. Regular color TV began this Monday when CBS launched "Premiere," history's first commercial color telecast. The "colorful" hour-long program starred Faye Emerson, Garry Moore, Sam Levinson, Bert Alda, Arthur Godfrey and Ed Sullivan and featured Patty Painter, "Miss Color Television." Daily color telecasts now are a standard feature of the network with the pattern to expand until fall when 20 hours of color television will be scheduled weekly.

CAPSULE CRITIC . . .

"The Joe Adams Show," KTTV, Tuesday, 9:30 P. M., shows that Hollywood, given a little more to work with, can come up with a well-produced, smooth-running show. KTTV has "thrown the works" into the production of Joe Adams starring vehicle. The well-known negro disc jockey is backed by good music and popular guest stars. The show gives Joe a chance to sing, which he does with a fair amount of talent. The program also gives him a chance to talk, which he does to great length. This weakness can be corrected. This is Adams' second TV attempt. His first, called "Adams Alley," had a one month's run on KLAS-TV almost two years ago.

"You're a horsewoman, eh?" Groucho Marx recently asked an equestrienne who appeared on "You Bet Your Life." "Where do you come from, Fillydelphia?"

KTLS is reported entering negotiations for Bob Clampett's new puppet show—as yet unnamed—which appears to be the only program on the horizon that can compete with "Time for Beany" in the race for audience. Klaus Landsberg, KTLA head, at first was adverse to having two Clampett productions on his station, but after hearing that both KTLA-TV and KTLA were anxious to annex the new show—if a sponsor goes along with it—Landsberg started talking contract.

RADIO-ACTIVE . . .

Steve Allen, young comedy star who used to delight at midnight audiences at Hollywood's Columbia Square, is going great guns in New York. His latest assignment is to take over the emcee role on "Songs for Sale," beginning Saturday. Heard locally on KNX at 7 P. M. . . "It Pays to be Ignorant" moves to NBC Wednesday, July 4. KFI, 9 P. M., replacing the vacationing Groucho Marx . . . A new "romance series makes its debut on KNX, Monday, July 2, 6:00 P. M., taking over the first half of the Lux Theatre time . . . Movie actress Audrey Totter returns as star of the new CBS summer show, "Meet Millie," which starts Monday as second half-hour Lux replacement . . . Hollywood musicians are lower than their own opinions of budget slashes on shows which result in recording being used—even on the networks—instead of "live" musicians, says Thompson-McDonald. The immediate results are widening unemployment and lessening of quality. Rumor has it that only 25 per cent of Hollywood's musicians currently are employed.

Acting candidates Johnny Stewart and Vince Edwards were the 36th and 37th "Hollywood Screen Test" candidates to get movie contracts as a result of appearances on the ABC-TV show.

YWCA SUMMER PROGRAM STILL OPEN TO GIRLS

Registrations still are open for the summer varieties program at the Pasadena YWCA for all teenage girls. Activities will continue through July 31.

They include a radio workshop, a dress design and sewing class, a nursing workshop, a teenage newsheet, horseback riding, hiking, a paint and poster workshop, and a coed canteen. A weekly trip to the beach also is planned, the first one scheduled for July 5 at Belmont Shores.

There is no registration fee, but membership in the YMCA is required in order to participate in the program. Fee for teenage members is 50 cents.

Savings Firm Votes Change Of Name

A change of name was voted last week for the Greater Arcadia Building-Loan Association. The institution has been renamed Arcadia Savings and Loan Association.

At a joint meeting of the savings account holders and stockholders, George Osborn of 580 Wilcox Road, president of the association, discussed the trend during the past 20 years to the common usage of "savings and loan" in identifying similar institutions.

It was pointed out that the words, "savings and loan" are more descriptive of the nature of business conducted by the firm and will be more readily recognizable by persons of San Gabriel Valley.

During the past five years, the association has grown from one and one-half million in assets to more than seven and one-half million dollars, and has been active in financing home-building in the area.

Rosana Bissell Wins Another GAA Award

Rosana Bissell, daughter of Mrs. May Bissell, 326 N. Sunny-side, and a 1951 graduate of Monrovia-Duarte High School, was honored at the annual Girls Athletic Association Banquet.

She received the second highest girls athletic award, "The Wings of Victory Trophy," which was conferred upon her for her outstanding participation in all sports while a student at MD.

Rosana was an active member of the girls' honor club, the Circle M, GAA Cabinet, and the Pepcats. This award will be added to her many equestrian prizes.

Following her job as a camp counselor at Camp Wasawagan this summer, she will resume her studies at Citrus College in Glendora this next fall.

J. C. LAUBER'S RESIGNATION CLOSES CHAPTER IN HISTORY

Sierra Madre has lost one of its "institutions." With the resignation June 12 of J. C. Lauber, city park superintendent, a chapter in Sierra Madre history has closed. Mr. Lauber ends more than a quarter of a century's service to the city—27 years and one month, to be exact.

"Yes, it's a long time," he reflected last week. "I've seen a lot of changes here and watched many youngsters grow into adults."

Several parents declare that Mr. Lauber has been sort of a "second father" to their children, helping them to grow into worthwhile citizens through their day-by-day associations with him at the park.

"I guess I really did sort of help 'raise' the George Norris youngsters," Mr. Lauber smiled. "They were down at the park nearly every day."

The park wasn't much of a "park" when he first started work there in 1923, the elder Sierra Madrean recalled. There was just a tennis court and the parkhouse, he said.

It was in 1927 that landscaping work was started up to Sierra Madre boulevard. The walkways were next, then the planting of lawn, and finally came the horseshoe pits and shuffleboard courts. Harold Roberts of Roberts Market was park commissioner when Mr. Lauber first entered the city's employ.

"It's been a 365-day-a-year job, with most weeks averaging 50 or 60 hours of work," the veteran city employee admitted. "But it was worth it to see the park looking well-kept."

What is Mr. Lauber doing with all his newly-acquired leisure time? Well, when the NEWS interviewed him Friday afternoon, he was out in his front yard at 184 N. Auburn—gardening and sweeping the walks.

"I like to keep as busy as possible," he explained.

BUSINESS WOMEN LUNCH IN PARK MONDAY NOON

More than a dozen of the Sierra Madre business women and wives of business men met in the park Monday noon with their thermos of coffee and sandwich to "Talk it Over."

The women were interested primarily in looking into the future and planning for the comfort and encouragement of prospective shoppers.

Consideration of parking facilities and beautifying the boulevard drew forth many interesting and sincere discussions. Mrs. Lella Roberts acted as the presiding officer of the day. The minutes were recorded by Mrs. Ruth Custer.

Willis Accepts Position in New York

David Grinnell Willis, 1 E. Carter, was in Sierra Madre last week after receiving the degree of master in business administration from Harvard University.

Mr. Willis, the son of Mr. and Mrs. Cornelius G. Willis, will accept a position in New York in an advisory capacity with an oil investment firm. Former-President Herbert Hoover is the great uncle of Mr. Willis.

He was conferred the degree of bachelor of science from Stanford University in 1947.

Marie Watson To Note 95th Year Tuesday

Still very spry and full of life, Mrs. Marie Watson, 273 W. Laurel, will note her 95th birthday next Tuesday, July 3.

"And I'm counting on reaching at least 100," says Mrs. Watson, a resident of Sierra Madre for 38 years.

The local woman is a member of the Congregational Church. Until recently, she was active in work of the church and served energetically with the Sierra Madre Chapter, Order of Eastern Star.

Mrs. Watson moved to Sierra Madre from Maine in 1913.

STATE CAMP AREAS SET UP 15-DAY LIMIT

Fifteen-day camping limits have been established for many of the state's 111 park units, the Sacramento office of the State Division of Beaches and Parks announces.

"The step is being taken so even more people can enjoy our parks than already are," said Newton B. Drury, new chief of the division. "Last summer, many parks were overcrowded, and camping limits enable more people to enjoy these outstanding natural areas of California."

More than 29 million visitors were recorded at the parks and beaches in California's State Park system last year. This represents 20.1 per cent increase over the 1949 attendance, Mr. Drury added.

This might well be "Jacaranda Week" in Sierra Madre. We've never seen the trees more resplendent in their lavender array.

ADMIRAL URGES

—From Page One
publicans have today," Admiral Gehres said. "Those who should provide leadership have shown a lack of conviction. They're bankrupt of honor," he stormed.

Denouncing the "sell outs" at Yalta and Potsdam, the speaker said, "today in Korea, 12,000 American men lie dead in payment for the iniquities of our government."

Admiral Gehres said the GOP should pledge itself to a "limited government" and one dedicated to the maintenance of our own military and financial security. "Our object must be to end giving away (abroad) the sustenance of American people without their consent."

He charged that public schools today are distorting and "talking down" one of the basic human rights—"the right to acquire, keep, and dispose of private property, or the 'fruits of man's labor'."

"The deepest depths of human slavery result where this right is not held sacred," Admiral Gehres stated.

The speaker was introduced by Edward S. Shattuck. The Emcee for the evening was Clinton Berry, president of the 48th Republican Assembly District. Among the other dignitaries present were Bruce Reagan and T. Fenton Knight, former assemblyman. Hosts at the dinner were members of the Sierra Madre Republican Club, George Parr, president.

PHONE POLE

—From Page One
one more accumulation of arbitrary action on the part of someone."

"Why," he asked, "should citizens of Sierra Madre be inconvenienced for the development of Pasadena?"

"First, someone dug up a city street without permission," Mr. Eaton said. "Then it was the digging up of a drain; then someone put in a power line without the city's approval. And now this . . ."

Knox Hagar, a representative of the phone company, said "we're willing to cooperate with anything that is reasonable. But we are serving Sierra Madre by servicing this area."

Mr. Hagar stated that within the past two weeks, "a prominent Sierra Madre businessman" has called the company twice, urging the speedy installation of telephone service in the Coronet tract.

"Sierra Madre's business people are anxious to get the service in," he pointed out.

Councilman Charles L. Washburn suggested that the Edison Company pole on the northeast corner might be used as the needed "anchor" for across the street in the ranch.

Mr. Hagar said it was his opinion that the power pole possibly could be used. He stated that his company will talk with Miss Heston and Director of Public Works Glenn Watson and see what can be done to solve the problem.

Two weeks ago the Council proposed an ordinance which would require utilities to get permission before installing poles on public property. It was pointed out Tuesday, however, that the law would not help Miss Heston since it could not be made retroactive.

TRAFFIC 'TRAP' VICTIM FINED

Sierra Madre's motorist trap yielded still another victim this week.

The "trap" is the intersection of Sierra Madre boulevard and Michillinda where many drivers still do not realize a stop sign has been erected east and west.

George Theodore Richter Jr., 1582 Rose Villa, Pasadena, paid \$5 in court Saturday for going through the stop.

Peace Prize Winner to Open Institute

Henry J. Cadbury, Nobel Peace Prize winner, will open the 17th annual Whittier Institute of International Relations, Saturday, June 30, at the Whittier Woman's Clubhouse.

His address will be the first event of eight days of lectures, seminars, forums, and panel discussions centering around the theme of this year's institute, "American Foreign Policy—A Time for Greatness."

EVANGELIST TO LEAD BIG CHRIST CRUSADE

America's foremost evangelist, Dr. William F. Graham of North Carolina, will conduct a three-week crusade for Christ under the sponsorship of many Hollywood and San Fernando churches.

According to Dr. Harold L. Propp, pastor of the Hollywood First Baptist Church, chairman, the meetings will be held in the Hollywood Bowl and in the American Legion Stadium, beginning Sept. 16.

J. R. McCARTHY HOME AFTER HOSPITAL STAY

John Russell McCarthy, author of the new book, "California Ballads," recently reviewed in the NEWS, has returned to his home at 151 Vista Circle Drive, after a week's emergency treatment for serious after-effects of intestinal flu at the Behrnt Memorial Hospital in Glendale. Answering inquiries, he reports that although still somewhat below par in strength, he is making good recovery.

Mr. McCarthy, poet and professional writer, has made Sierra Madre his home for over a dozen years and has lived in California since the early '20's, making the flora, fauna, and history of this state his special study. Research by the reporter reveals that among McCarthy's books in prose are "These Waiting Hills," and "Joseph Francis Sartori" (a biography); and his "California Ballads" is his seventh volume of verse. Of his poetry, the famous writer on Nature, John Burroughs once wrote: Yet we need not be discouraged, England has produced Masefield and we have produced John Russell McCarthy, who has written the best nature poetry since Emerson.

From 1926-31 he was gathering and editing for publication by the Powell Publishing Company of Los Angeles, the huge 9-volume California Series written by well-known authorities on California history, such as Robert Glass Cleland, who contributed "Pathfinders," Nellie Sanchez, whose contribution was the charming "Spanish Arcadia," and books by half a dozen other well-known authors, all of which books were based upon research in source material (but were not, Mr. McCarthy pointed out, source material themselves, as erroneously stated in the review of his new book (NEWS, June 14). The local public library, like thousands of other public, school, college, and private libraries, keeps this standard work on its shelves.

Autograph copies of McCarthy's new book form part of an interesting window display of Sierra Madre Authors in a local gift shop. Included in the display are the copies of the most recent books of Lee Shippey,

HUGH ANNAS HONORED

Hugh Annas of 209 Ramona, last week was honored by the Los Angeles County Board of Supervisors.

Mr. Annas, an employee of the Road Department, was presented a 25-year pin by the supervisors in recognition of his quarter century of service to the county.

Harlan Ware, and William E. Jenkins. In "Who's Who in Los Angeles County" (1950), Mr. McCarthy's "Hobby" is stated as "making primitive-impresionist portraits of friends" — but so far the artist has made no releases for public exhibition.

LUMBER IS FIRST

24,000,000 of America's 29,000,000 homes are built of wood. Almost all of the rest make substantial use of wood in one way or another. Lumber is the best home-building material. It has survived competition for—well, say 500,000 years!

Lumber gives you a house that is economical to build; that can easily be altered to suit changing needs; a house on which you can depend—one which will give you a sense of warmth and livability.

Hammond is tops as the supplier of good lumber, and for good non-waiting service.

Let us serve you.

TEETER TOTTER

Teeter-Totter teams in western universities are competing madly for new world's records for endurance —numbers of hours team mates can keep teetering and tottering on their campus see-saws. The record is getting up around 100 hours now and there's no telling how high it will go eventually.

Teeter-Tottering is a modern example of the value of team work—an element which gets results in sports, and pays off on the telephone party-line too. A little thoughtful consideration on the part of party-line neighbors will make for better service all around. Here are a few points which will help develop party-line cooperation:

Be sure to have the right number before calling.

Replace the receiver properly when finished talking.

Space your calls — do not make one right after another.

Do not permit the children to monopolize the telephone.

Permit your neighbor to make emergency calls.

If you will follow these simple suggestions you will see how smooth party-line telephone service can be. Thank you.

NEW SALAD MOLDS

Time when salads were "lady" food and self-respecting men shunned them whenever possible. But times have changed. Almost everyone enjoys salads. Modern menu plans give them important places, and there's one that's right for the meal you are serving.

CUCUMBER-PINEAPPLE MOLD
4 lemons
2 oranges
4 tsp. vinegar
1 #2 can crushed pineapple
2 Tbsp. unflavored gelatin
1/2 C. cold water
1/4 C. sugar
1 tsp. salt

Dash of pepper
2 C. cucumber, finely chopped
Take the juice of the lemons and oranges and strain it. Add vinegar and enough syrup drained from can of crushed pineapple to make 2 1/2 C. liquid. Heat juices and add gelatin that has been softened 5 minutes in cold water. Stir until gelatin is dissolved. Add sugar, salt and pepper. Cool. When slightly thickened, but not set, add crushed pineapple and cucumbers. Tint a pale green with vegetable coloring. Pour into molds and chill until set. Serve with cucumber dressing.

CUCUMBER DRESSING
1 C. sour cream
1 C. finely chopped cucumber
Salt and Pepper to taste
1 tsp. sugar
Chill cream and cucumber. Mix dressing just before serving.

TWO-DECKER SALAD
AVOCADO-TOMATO SALAD
1 envelope plain gelatin
1/4 C. cold water
2 medium avocados
3 Tbsp. lemon juice
2 tsp. grated onion
3/4 tsp. salt
2 drops Tabasco sauce
1/4 tsp. Worcestershire sauce
1/4 C. hot water
1/4 C. mayonnaise

Put gelatin in cold water to soften. Peel avocados and mash the pulp. Add lemon juice (work quickly to prevent darkening of the fruit) and mix in the seasonings. Add hot water to soften gelatin and stir to dissolve. Cool. Combine gelatin, avocado mixture and mayonnaise. Beat until smooth. Pour into lightly oiled 6-cup mold. Chill until firm and top with tomato layer.

TOMATO LAYER
4 C. tomato juice
Celery tops
1 bay leaf
2 envelopes plain gelatin
1/2 C. cold water
2 tsp. sugar
2 Tbsp. grated onion
2 Tbsp. vinegar
1 tsp. chili powder
1 tsp. salt

Simmer tomato juice with a few celery tops and a bay leaf for 5 min. Strain. Soften gelatin in cold water and dissolve in the hot tomato juice. Stir in seasonings. Chill until thick, but not set. Carefully pour thickened tomato mixture on top of the firm avocado layer. Chill until firm. Unmold to serve and garnish with tomato wedges and sprigs of salad greens.

SPORTS ROUNDUP

by RALPH (Val) VALENCIA

SPORTS FOR ALL

The Aerojet Picnic at San

Dimas Park Saturday was a

huge success, 4600 guests

crowded the park and had a

swell time. In the sports line

Del Forman and Louis Golden

won top honors in the horse

shoe pitching contest; 2nd were

Ken Moss and Chas. Grauf; 3rd

were Tony Torcivia and Mike

Moraes.

As for softball games, Stores

Dept. won the first game 1 to 0

from the Machinists, then they

defeated the Facilities 4 to 1,

then won from the Outside

Production 2 to 0. Then beat

the Old Timers 6 to 3 to win

the championship, so they must

have quite a ball club. The

last game was called in the

7th inning by the dinner bell.

In the grunt and groan de-

partment of the tug-of-war

matches, the Machine Shops

were given a wetting by the

Engineers who pulled them

across the win line in 2 min-

utes flat.

Dick Bennett's Maintenance

boys came very near pulling

the shoes off the gang from the

Proving Grounds, in fact the

Judges had to stop this con-

test as the Maintenance Dept.

team was about to pull over

one of the big sycamore trees

in the park, not wanting to

get wet by the fire hose that

was turned on across the cen-

ter line of the tug-of-war, the

Proving Ground boys had put

the rope around said tree and

were disqualified. The match

going to the Maintenance Dept.

on a foul.

After a swell Bar-B-Q din-

ner of beef, beans, etc., the

Amphitheater was opened and

a great show was put on by

Aerojet's own talent. Opening

this show was the lovely Lor-

raine Fry, from the personnel

office, singing, "My Hear Be-

longs to Daddy" and doing a

wonderful job. A lot of the

boys are trying to find out who

daddy is.

After seeing Jackie Danner

of the Photo Lab go through

her tap and soft shoe routine,

we discovered how she seems

to be in two different places

about the plant at the same

time. That gal can sure move

her feet.

Incidentally that rumbling

sound you may have heard in

Sierra Madre Saturday after-

noon was not a clap of thun-

der, it was just the clapping

of the 4600 people giving our

Don Miller, from General Tires

Dept. of Aerojet, an ovation

that no doubt rocked San Gab-

riel Valley. All in all it was a

'MISS FIREWORKS' — Cinda Yank, 14-month-old daughter of Bunny Yank, Arcadia, can't wait for the Pasadena Firemen's 25th annual Fourth of July Circus and Fireworks Show in the Rose Bowl. She's looking over some giant 'crackers'.

Huge Circus, Fireworks at Bowl July 4

Polack Brothers' gigantic circus, with all its thrilling aerial acts, funny clowns, and trained animals, has been signed by the Pasadena Firemen for their 25th annual 4th of July Circus and Fireworks Show in the Rose Bowl.

Top animal acts for the "silver anniversary" show are planned, and aerial stunts will be staged by the Ibarra Brothers, the Sikorskas, the Hargus Truups, Don Dorsey, Mandos Sisters, Melitta and Wicons, the Goetschis, and nine Ward-Bell Flyers.

A dazzling fireworks display is assured by C. E. Cronkite, pyrotechnics expert who has prepared and directed the hour-long fireworks program for years.

great show and a good time was enjoyed by all that I talked to.

ON THE DIAMOND

Behind the stellar pitching of Al Pospahala, the Monrovia Elk's softball team took Burbank to the tune of 7 to 0. For the records, this was the first no-hit, no-run game of the season.

In the ninth inning the Burbank team became quite desperate. The manager ordered all his men to try and get on by bunting the ball as they were not able to hit. This procedure resulted in one of the Burbank boys reaching first base on an error by the clerk of the aforesaid court or to present them to the undersigned at the office of John C. Mead, Attorney, 480 N. Baldwin Avenue, in the City of Sierra Madre, in the aforesaid County, which latter office is the place of business of the undersigned in all matters pertaining to said estate. Such claims with the necessary vouchers must be filed or presented as aforesaid within six months after the first publication of this notice.

I understand that Geo. Larson has decided to resign his part as Chairman of the Elk's Golf Committee. His chair will be taken over by Bob Hassinger who I believe will be a very capable leader.

DOWN THE LANES

The Elk's summer league of Monrovia gave a good imitation of the atom bomb last Wednesday night. This league really blew up sky high.

Of the scanty 18 bowlers in this 6 team, 3 man league, only 7 bowlers showed up to bowl, so all games were called off—including the rest of the league schedule for this summer.

From all reports the Friday night traveling league is still lugging the maples hard. Krink's five lost 2 last Friday; Clay Noshers team lost 2 on the same night, Joe Murphy's 750 team split 2 and 2 with the Huntington Park team bowling at Maywood.

Valley Art Exhibit Due

Billed as the "largest and most comprehensive exhibition of work held yet by artists of the valley," the Third San Gabriel Valley Artists Exhibition will be opened to the public Tuesday, July 3, at Pasadena Art Institute, 46 N. Los Robles. Works in oil, water color, pastels as well as prints, drawings, and sculpture will be on display. Sierra Madre artists have been invited to participate in the exhibit.

'City of Hope' To Open July 2

The new City of Hope Cancer Hospital in Duarte will officially open Monday, July 2, it was announced yesterday by the Board of Directors of the free, non-sectarian national medical center.

Formal dedication will come during a four-day national convention, June 30 through July 4, when hundreds of delegates from all parts of the country gather in the LA Ambassador Hotel to formulate future expansion plans.

FABULOUS "FABIOLA" with Michele Morgan, Henri Vidal, and a cast of thousands, is now playing at the Crown Theater in Pasadena.

Sgt. Lalone Due Home from Japan

Sgt. Richard Lalone is being discharged from US Army and is expected home this week.

His wife, the former Miss Barbara McClaren, said Sergeant Lalone was to arrive either Tuesday or today, depending on when the ship left Japan.

The Sierra Madrean was a member of the 40th Infantry Division and formerly served with the local Heavy Mortar Company. He was transferred from the Sierra Madre outfit just a month before it was shipped overseas.

Mrs. Lalone, employed at Sierra Engineering, resides at 1235 S. Tenth street, Arcadia.

KIWANIS SALE NETS \$400 PLUS

Proceeds from the Kiwanis Club auction and rummage sale on June 8 amounted to "more than \$400," Hugh Ward, chairman, announced this week.

The money has been placed in the club's boys' and girls' fund, it was reported.

Picnic to Entice 10,000 Cornhuskers

An estimated 10,000 Cornhuskers in Southern California and Nebraska tourists will gather in Bixby Park, Long Beach, Saturday, July 7, to enjoy the annual Nebraska Summer Picnic.

Long Beach Mayor Burton W. Chase will welcome visitors at the 1 p. m. program, and James W. Hanbery, past-president of the Omaha 30 Club of California, will speak on "Nebraska's Lessons to the World."

Gwen Siegel Is Camp Delegate

Gwen Siegel will return to Sierra Madre tomorrow following a week of fun and work at the second annual Southern California Conference for Junior High Y-Teens, held at the YWCA at Tahquitz Meadows in the San Jacinto Mountains.

Miss Siegel is one of six Pasadena area delegates at the conference which has been stressing leadership training in its sessions all week.

Gwen is the daughter of Mr. and Mrs. Charles H. Siegel, 110 Bonita.

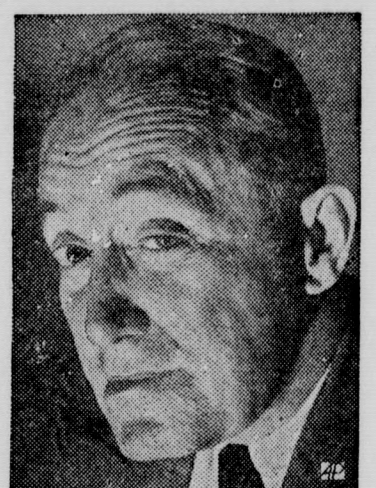

Class in Writing Offered at PCC

Writing for publication, class taught by Mrs. Helen H. Jones, is now available at San Gabriel Valley writers at Pasadena City College during the regular six-week summer session which began June 18.

Meeting Mondays from 9 to 11:30 a. m., the class will consist of an intensive study of writing fiction, with special emphasis placed on the craft tools, and techniques of writing.

Playhouse Has 'Seven Keys To Baldpate'

With "Seven Keys To Baldpate" leading the way, Pasadena Playhouse swings into the

George M. Cohan series of five plays, feature of the 17th annual Midsummer Drama Festival, tonight, June 28.

"Seven Keys To Baldpate" tells of a writer and his trek to Baldpate Inn for the purpose of completing his novel. A night of chills and comic complications is the result.

"A Prince There Was," July 12-22, "The Tavern," July 26-Aug. 5, "Pigeons and People," Aug. 9-19, and "Broadway Jones," Aug. 23-Sept. 2, follow as the 10-week Cohan list for the Playhouse midsummer drama event.

SUMMER DRIVE LAUNCHED

"There must be no slump in salvage calls during the summer months if our physically-handicapped employees are to continue working full force," Robert E. Watkins, executive director of Southern California Goodwill Industries, said this week as the welfare organization launched a campaign to keep up calls during vacation time.

Goodwill, in its main plant at 342 San Fernando Road and 14 stores throughout the greater LA area, employs some 450 physically-impaired persons, many of them veterans.

OFFICER WINS

From page one
broadcast on which her husband vividly described the taking of a hill in the "Iron Triangle" area which figured so prominently in the war news two weeks ago.

The Sierra Madrean was interviewed on Edward Murrow's "Here It Now" radio program. Although Mrs. Edwards was unable to hear the original broadcast, she was able to obtain a transcription at CBS later.

FIRE FLAMES

One of the most popular firemen of our town took a notion to apply for a new job. One of the questions asked was, "Do you partake of intoxicating beverages?"

"Before I reply," said the fireman, "is this an inquiry or an invitation?"

All fire fighters are not dumb.

Our old friend Fran Eakman heard about Andy Liscombe and Bob Newbery reaching the twenty-year service period. He threatens to arrange a dinner in honor of these boys. If we know Fran, we can look forward to a dinner at some future date.

As is customary at this season of the year, a Fourth of July Firemen's picnic is planned. The event is for the purpose of making this "stay-at-home-day" a pleasure as well as a duty.

For years the volunteer firemen have felt that to leave the city would jeopardize its safety. This originated back in the days when fireworks were somewhat heedlessly handled and sold.

For a number of years now our merchants have worked hand-in-hand with the fire department by not selling fireworks within Sierra Madre. The result has been marvelous.

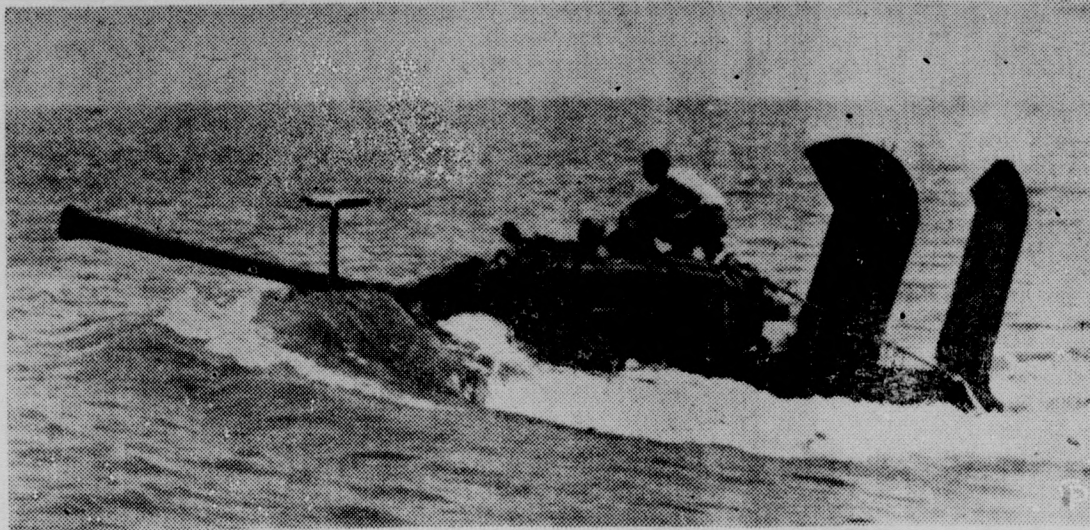

There still are those who believe that something is being taken away from them, and who insist on bringing in dangerous fireworks from other regions. We are asking our local organizations to do everything in their power to eliminate fireworks from Sierra Madre. It is an old and dangerous tradition that deserves discouragement.

Help us to keep the FIRES OUT.

As to the picnic, we are happy to know that Dick and Mrs. Thayer have again agreed that the affair should be held at the Wistaria Grounds. Firemen and their families will be there early and will remain late. Let's work toward a Fourth without a fire call.

There are thirty men in the fire department working hard and seriously to prevent fire

NEW 'FORDING KIT' TURNS TANK INTO BOAT

NEW WOUK NOVEL TELLS HOW MEN BEHAVE AT WAR

BY ISABEL STRADLEY

This novel of World War II is one of superb writing and unusual characterization. It is the story of the navy and the way men at war behave. However, there is no flood of obscenity in its pages, nor any of the profanity that some authors consider essential in writing of military life.

This is a sea story, full of authentic people and real atmosphere. Mr. Wouk writes with profound understanding. The hero, Willie Keith, finds his manhood and his girl in an exciting romance as he goes from midshipman to captain of a minesweeper.

"Sheep Rock," by George Ripley Stewart.

In this novel, the latest of Mr. Stewart's books, he succeeds to an unusual extent in conveying the mystery of the still lonely West. Sheep Rock is a kind of symbol, and the book captures and holds the attention. It is a philosophical novel tracing geological changes in a place through eons of time, and reconstructing the vast effects upon the lives of humans.

Mr. Stewart is an able craftsman with a great feeling for nature. A former novel of his, "Earth Abides," gave this same feeling of a place in nature as a crossroads of time and space.

Other new books at the library are:

Non-fiction: Thirty Years with G. B. S. Patch; Mary Garden's Story; Few buttons Missing; Fisher; Captain Sam Grant; Lewis; His Eye Is on the Sparrow; Waters; Pedlar's Progress; Shepard; Louis Braille; Kugelmass; War in Korea; Higgins; Red Storm Over Asia; Payne; Peace Can Be Won; Hoffman; God So Loved the World; Goudge; So We Believe So We Pray; Buttrick; What's Ahead for American Business; Slichter; This Happened in Pasadena; Hulburt; Is Another World Watching?; Heard; Complete Poems; Sandburg; Tombstone; Burns; Time of Fallen Blossoms; Clifton; Sunset's Planting Ideas for Your Southern California Garden.

Fiction: This Is the Hour; Geuchtwanger; Fire on the Wind; Garth; Weight of the Cross; Bowen; The Foundling; Spellman; The Hunter; Aldridge; Hayvens of Demaret; Bellamann; Salt and the Savor; Troyer; Proper Gods; Sorensen; Quiet Street; Popkin; The Grandmothers; Coburn; Possible Worlds of Science Fiction.

and to be prepared to stop them when they start. They are willing to come when you call and will work hard to stop a fire from spreading.

If fire visits your premises, even though it may have been from carelessness or accident—call the fire department as soon as possible.

FROM OUR FILES

TWENTY YEARS AGO

June 19, 1931—Rev. Arnold G. H. Bode, now established with his family in the rectory of the Church of the Ascension, is a musician of note and the composer of many pieces of sacred music. . . . After five years in Anaheim, he came to St. James, South Pasadena, he acted as organist and choir master for nearly three and a half years before coming to Sierra Madre.

FORTY YEARS AGO

June 23, 1911—Sierra Madreans are awaiting with pleasure the Third Annual Board of Trade Picnic at Redondo Beach. At the Bathhouse, the finest on the coast, there will be a 15-cent rate to all wearers of the Sierra Madre badge. All business places are expected to close "so that as many as possible may put the kibosh on care and toil and join the pilgrimage. . . ."

MULHOLLANDS TO

From page one

Mr. Mulholland not only served at Bethany in the field of Christian education and coordinator of youth activities, but also helped out as interim pastor before the coming of the Rev. Don B. Rood.

"The Mulhollands have served our church faithfully and effectively and have a host of friends in the community," said the Rev. Mr. Rood. "We hope the Sunday evening service may be a real testimonial of our appreciation for their splendid service."

Mr. Rood will be speaking on the topic, "Strange Fire!" at the 11 a. m. worship service. Sunday School convenes for all ages at 9:30 a. m., and the church's Christian Endeavor groups will meet at 6:30 p. m.

RECORD DANCE DRAWS THIRTY YOUNG PEOPLE

Between 25 and 30 young people heeded the "call" to Sierra Madre's Parkhouse Friday night for the first city-sponsored record dance.

John Eberly Oden, city recreation director for the summer months, said "several other" dances are planned this summer. Date for the next one has not yet been set.

Boys Peddle Soap, Earn Camp Money

If any boys have sold you soap recently, it is not part of any organized campaign to increase your weekly or daily shower schedules.

These youngsters are doing their best to earn a part of their fees to various Santa Anita District YMCA summer camps. Through an arrangement with Swift and Company, the local YMCA is able to give many boys the opportunity of earning a large portion of their camping fee.

Swift and Company provides the soap, and also the specially-constructed boxes for the soap, and the YMCA provides the "boy power." This means many doorbells in the community will be pushed by eager boys who will ask you to "buy some soap so I can go to summer camp."

Boys and parents alike appreciate this project inasmuch as it relieves at least a part of the strain on the family pocket-book, and also makes it possible for the boys to know they can really earn some of their fun at Y camp.
